SEE BEYOND THE WALL
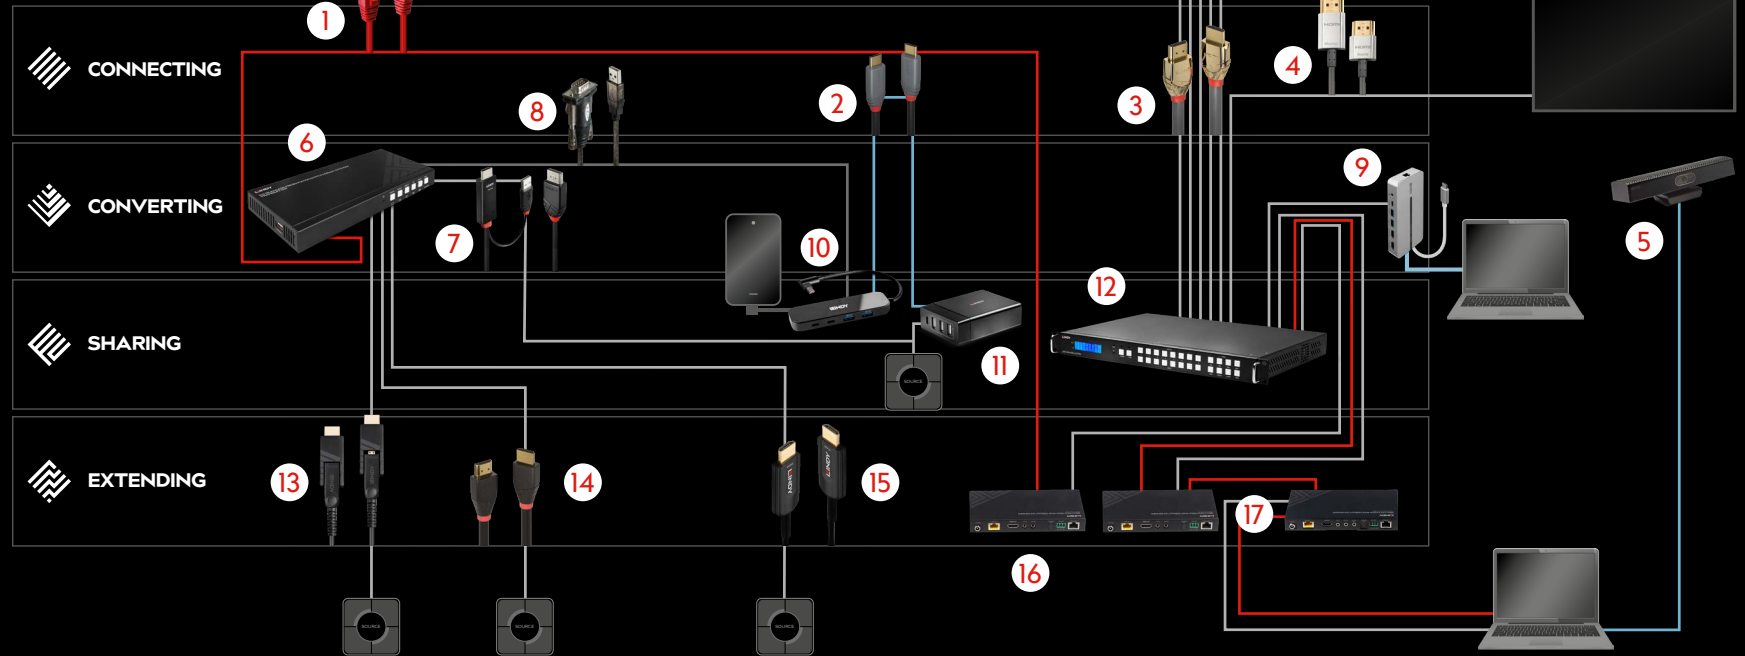

See beyond the video wall and discover how Lindy Pro AV solutions provide the flexibility and performance to enhance and inspire your digital signage creativity.

See Lindy Combined Connectivity in action with our sharing, extending, connecting and converting concepts. An 8x8 HDMI Video Scaling Matrix that drives a 4K video wall; a 5x2 HDBaseT Presentation Switch that provides multiple, seamless switching options from a wide range of HD sources; an HDBaseT extender that can send 4K HDMI, audio and control signals up to an incredible 100m; the new DST-Mx Duo laptop docking station that provides a range of connectivity for the latest laptops and M1/M2 Macbooks.

See how all these products and more can be integrated using Lindy high performance standard, active and hybrid connection cables and adapters.
