

FULL HD 1080P WEBCAM WITH MICROPHONE

THE NEXT BEST THING TO BEING THERE

DISCOVER THE NEW FULL HD WEBCAM FROM LINDY

WHAT IT IS

The Lindy Full HD 1080p Webcam is a fully featured camera with built-in microphone designed for home and office video calls. A 6 layer glass coated lens and support for 1080p at 30 frames per second ensures crystal clear, high resolution video performance.

WHAT IT DOES

PROVIDES Full HD video calling at resolutions up to 1920x1080@30fps

FEATURES a noise reducing stereo microphone, 360° swivel design & 110° viewing angle

WORKS with Windows, Mac and Linux OS and all major video conferencing / chat applications

EASY Plug & Play installation

WHY YOU NEED IT

- **VERSATILE.** Sharpness can be adjusted manually by turning the silver focus ring. The webcam is compatible with all common platforms such as Teams, Zoom, Skype, Google Meet etc.

- **FLEXIBLE.** The webcam features a foldable clip, which makes mounting on displays and laptops easy. A 1/4 inch thread allows mounting to a camera tripod. The 360° swivel design offers flexibility in use.

- **SIMPLE.** Easy installation means that users don't have to worry about complex driver installs, simply connect the Webcam and the installation will begin automatically.
