DST-MICRO 140

THE ULTIMATE TRAVEL DOCK WITH 4K
HDMI AND 1.4M 60W CHARGING CABLE.

The Lindy DST-Micro 140 is a compact and versatile robust, aluminium micro docking station designed to be adaptable for use in different environments.

The DST-Micro 140 unlocks the connectivity of your laptop with SuperSpeed USB, microSD and SD Card Slots and a 4K capable HDMI port. Pair this functionality with pass-through charging of up to 60W and the 1.4m PD 3.0 power delivery cable and you are left with an incredibly adaptable and capable docking station

ADDS 2 USB Type A ports (5Gbps), an HDMI port and an SD card reader to your notebook

SUPPORTS HDMI resolutions up to Ultra HD 4K 30Hz

ALLOWS USB Power Delivery 3.0 up to 60W, to charge the connected laptop

BUILT TO PROVIDE ADAPTABILITY ON THE GO. THE DST-MICRO 140.

- **MULTIFUNCTIONAL.** The Micro 140 unlocks connectivity for your device with SuperSpeed USB, SD/micro SD card reader and a 4K capable HDMI port.
- **PASS-THROUGH CHARGING.** With pass-through charging of up to 60W and the 1.4m power delivery cable, the Micro 140 PD 3.0 provides you with an incredibly adaptable and capable docking station.
- **PLUG AND PLAY.** The Micro 140 does not require any driver installation. This allows for seamless large-scale implementation and a hassle-free experience.
