## CONTROL ROOM DEPENDABLE SOLUTIONS FOR CRITICAL SYSTEMS

### CABLE CONNECTIONS

- CAT. 6A ETHERNET
- CAT. 6 ETHERNET
- HDMI
- RS-232

Lindy's cutting-edge SDVoE technology offers precision and reliability for mission-critical control environments. Multiple 4K60 HDMI® & USB SDVoE Transceivers, along with the SDVoE Controller, ensure flawless distribution of uncompressed 4K content with HDR support, multi-view capabilities, and video wall configurations up to 9x9.

With drag-and-drop control, seamless switching, and 10G network compatibility, this setup is ideal for monitoring centres, command stations, and other critical environments. Powered by a Netgear 10G switch and a Jupiter video processor, it offers scalable, reliable signal management and outstanding visual clarity.
