

2 PORT HDMI 18G SPLITTER

DISTRIBUTE ONE HDMI SIGNAL ACROSS TWO DISPLAYS

WHAT IT IS

Lindy 2 Port HDMI 18G Splitter is a compact, high quality solution for distributing HDMI 2.0 18G signals across dual displays from one source device.

WHAT IT DOES

SPLITS a single HDMI 2.0 source across 2 HDMI displays

SUPPORTS resolutions up to 4K 3840x2160@60Hz, with additional support for HDR

ENSURES HDCP 2.2 support to stay compliant when connected to source devices including set top boxes, Blu-Ray players and 4K HDR media players

WHY YOU NEED IT

- HIGH RESOLUTION.** It is great for creating eye-catching digital signage in retail scenarios, showing high quality video in different places. Additional support for High-Dynamic Range ensures video content can be seen with enhanced brightness, superior contrasts and a much wider colour gamut, for more lifelike colour.
- VERSATILE.** The additional ability to cascade this splitter up to three further levels allows for an extended HDMI splitting experience, ideal for multi-screen situations such as sport events or informational broadcasting in airports, train stations, medical facilities or stock exchange offices.
- COMPACT.** The splitters durable, compact design also ensures the unit can be installed discreetly, ensuring there is no distraction from the content on screen.
